PROGRAMME PROJECT REPORT

INTRODUCTION

The school of Business Management and Commerce of Jagat Guru Nanak Dev State Open University, Patiala has started Bachelor of Commerce (Digital) from the session 2020-21. The University has adopted choice based credit system which has been introduced by University Grant Commission. This is a broad based programme covering disciplinary, interdisciplinary and skill based subjects. It provides flexibility for the learners to choose the subjects of their interest and also has the opportunity to grow with present digital era. The Bachelor of Commerce (Digital) has 132 credits consisting 6 categories namely Core Courses, Discipline Specific Electives, Generic Electives, Ability Enhancement Compulsory Course, Skill Enhancement Course and Compulsory Non Credit Qualifying Course.

A. Programme Mission and Objective

MISSION STATEMENT

To educate students with high quality theoretical, practical, ethical, technological and skill-oriented education in the area of commerce and other multi disciplines that can help them in their professional career and also enable them to become successful entrepreneurs. The programme's mission is to help the learners enhance their proficiency.

OBJECTIVES OF THE PROGRAMME

The programme has been framed to achieve the following objectives

- To provide an opportunity to get a B. Com (Digital) degree to those students who cannot pursue regular study either due to their job or other circumstances.
- To emphasis on development of creative potential, cognitive skills, communication skills, leadership quality, commerce and management skills and knowledge.
- To develop digital skills without rigid separation between commerce and computer streams.
- To enable learners to achieve success in professional career or self Enterprise.
- To provide suitable technology and knowledge driven students to various financial/commercial/ government/industrial houses as per their latest requirement.

B. Relevance of the Programme

Digital innovations and practices are being introduced very rapidly in the field of commerce and management during this globalized era. Thus, to function in this environment, learners of commerce education must have to engage in Digital World to survive, success and to improve their knowledge and skills. The curriculum of B.Com (Digital) is developed to ensure discipline, inter discipline, technical, ethical, digital and skill enhancing knowledge keeping in mind the globalized requirements. The easy accessibility and the cost-effectiveness of the deliberately designed course will make it convenient for the large segments of the population to take advantage of it. The course will enable the learners to become competent enough to successfully deal with the challenges they may encounter in their personal, professional and social spheres of life. Furthermore, the learners will be able to strengthen their sense of belonging, purpose, meaning, and satisfaction not only towards their work but towards their lives too

C. Prospective Target Group of Learners

The 10+2 passed of any discipline may join this course to improve their knowledge, skills, employability and self entrepreneurship ability .The working persons and who cannot study through regular mode can continue their education through this open learning mode.

D. Appropriateness of the programme

The course aims to reach the **learners** who are distant and those lacking access. Hence, the courses' instructions and specially prepared study material in the form of printed notes and audio-video lessons will be delivered at the doorsteps of its participants through postal correspondence and digital media like e-mail, website etc. Limited face to face contact sessions will be held at the study centres set up by the university as close as possible to the learner's home. Communication with the university and interaction between the teacher and the learners will be further facilitated using electronic media options like telephone, e-mails, chat sessions, videoconferencing and teleconferencing, if and when required. All of these characteristics will help learners to engage in relevant, purposeful and interesting lessons, while remaining safe from the contagion.

E. Instructional Design

The B.Com (Digital) is a 132 credit programme consisting of the following six categories mentioned in Table I. The B.Com (Digital), a choice-based credit programme, is a blend of disciplinary, interdisciplinary and skill-based courses. It is designed to provide the learners with the information and skills necessary to understand and analyse their world by introducing them to the main themes and topics of disciplines in Commerce, Computer,

Humanity and Social Sciences. The Programme Code of this B.Com (Digital) is BCD. The programme has a number of disciplines and courses from different Schools of Studies.

Basic Structure: Distribution of Courses, Papers and Credits

Sr No.	Course Name	No. of Papers	Credit Per Paper	Total Credit
1	Core Course	12	6	72
2	Ability Enhancement Compulsory Course	2	4	8
3	Skill Enhancement Elective Course	4	4	16
4	Discipline Specific Elective Course	4	6	24
5	Generic Elective Course	2	6	12
6.	Compulsory Non Credit Qualifying Course	3	–	–
	Total	27		132

Note

The programme can be completed by earning the required number of credits under each category in a minimum period of 3 years (6 semesters) or in the maximum period of 6 years. The required number of credits under each category is as follows: 72 credits of Core Courses, 24 credits of Discipline Specific Electives, 8 credits of Ability Enhancement Compulsory Courses, 16 credits of Skill Enhancement courses, and 12 credits of Generic Electives. A credit is equivalent to 30 hours of study time comprising all learning activities (i.e. reading and comprehending the print material, listening to audios, watching videos, attending counseling sessions, teleconferencing and writing assignment responses). Most courses of this programme (CCs, DSEs and GEs) are of six credits. This means that you will have to put in 180 hours (6 x30) of study time to complete each of these courses. The programme also has six Ability and Skill Enhancement courses, each of four credit weightage i.e, 120 hours (4 x 30) of study time. The programme has a mix of different types of courses in each of the six semesters. However, the total number of credits to study in each semester is 22 credits. Table

2 gives an overview of the programme structure showing the distribution of different types of courses across the six semesters of the programme.

F. Procedure for admissions, curriculum transaction and evaluation

Admission Procedure: Notifications regarding admission will be published in leading National and regional newspapers. In addition to this, all the required information will be updated regularly on the university website.

Eligibility: (10+2) or its equivalent are eligible to apply.

Total Course Fee : Rs.8700/- p.a. and security refundable Rs. 1000/-.

Financial Assistance: At present, no financial assistance is provided for this course.

Instructional Delivery Mechanisms: The course has been programmed with the aim to reach the distant and those lacking access to regular mode of education. The courses' instructions and specially prepared study material will be made available through study centres and digital media like e-mail, website etc. Limited face to face contact sessions will be held at the study centers set up by the university as close as possible to the learner's home. Communication with the university and interaction between the teacher and the learners will

be further facilitated using electronic media options like telephone, e-mails, chat sessions, videoconferencing and teleconferencing, if and when required.

Besides this, Counseling Sessions will be held at all the study centres regularly during weekends. The university will also conduct live/virtual classes for learners using modern ICT methods. However, to ensure learner participation and interaction, online classes will be blended with face to face discussions and meetings with the learners.

G. Evaluation

The learners' progress is measured through the means of continuous evaluation and end semester examinations.

1. Continuous Internal assessment through assignments:

Assignments help the learners to recapitulate the theory and go back to the text again in case they are unable to answer a particular question. Thus, assignments also help to reinforce learning in distance and open learning system of education. The assignments will consist of a set of questions and activities that have to be answered by the programme participants by remaining at their own place.

Two assignments will be submitted for a 4-credit course and three assignments will be submitted by the learner for a 6-credit course. The assignments will cover all or any types of questions (long answer type, short answer type, objective type, multiple choice questions and case studies).

Learners will be required to obtain thirty percent marks as pass percentage in each assignment separately. Each assignment will carry 100 marks. In the final result, assignments will carry thirty percent weightage.

2. Semester End Examination:

Semester end examination is the major component of the evaluation system and carries seventy percent weightage in the final result. The University will conduct end semester examination twice a year i.e., in June and in December. The learners can take the examination only after the completion of the course, failing which they can take the same in December or June of subsequent years but within the total span of the programme. In case any student fails to get a pass score in the semester end examination, they will be eligible to reappear in the next semester end Examination for that course as and when it is held but within the total span of the programme only.

In order to claim B.Com.(Digital) Degree, the learner is required to score at least 30% marks in both continuous evaluation (i.e.in assignments) as well as in semester end examinations separately. Besides, at least 35% marks in each course is required in the overall computation.

Updated Notification for the Learners: The information regarding the university policies and procedures, academic activities like assignment submissions, question papers, results and other notices related to examination and evaluation will be uploaded on the official website of the university.

H. Requirement of the laboratory support

Laboratory: Modernize computer lab will be at the study centres.

I.Requirement of the Library:

The students may avail the library facilities at their study centres.

J. Cost estimate of the programme and the provisions:

Cost of the programme will be as per the fee decided upon.

K. Quality assurance mechanism

The university has constituted a “Centre of Internal Quality Assurance (CIQA) as per UGC (Open and Distance Learning) Regulations, 2017.

L. Expected programme outcomes:

By the end of the course, the programme participants will have learnt:

- Creative potential, cognitive skills, communication skills, leadership quality, commerce and management skills required to excel in their respective field.
- Digital skills without rigid separation between commerce and computer streams.
- Competence to achieve success in Professional career or self -enterprise.
- Techniques to find and check unethical behaviour, falsification and manipulation of information at any level in the organization.
